OUR STORY

“Bewley’s is the heart and the hearth of Dublin. There is a sense in which Dubliners behave like a large, sometimes unruly family; and walking into Bewley’s never fails to give me the feeling that I am stepping into a home...And it is a pleasure to be able to become part of that family merely by dropping in for a coffee and a shiny bun or two.

Bewley’s is cosy without being complacent, comfortable without being soporific. There is a special Bewley buzz that is both stimulating and reassuring. In the faces, one always finds a pleasant mixture of strangeness and familiarity. The atmosphere is full of a lovely rattling music made up of cups and chatter, gossip and laughter, watchful eyes and gadabout tongues.”

Brendan Kennelly

For over 175 years Bewley’s has had a special place in the hearts of Dubliners. Founded in 1840, Bewley’s is Ireland’s leading coffee and tea company.

We’ve been perfecting the craft of tea and coffee making for many generations, from our humble beginnings in a little shop on Sycamore Alley in Dublin, Ireland, to the home and heart of our brand here in Bewley’s Grafton Street, and right through to our world-class coffee roastery and tea blending facilities in North County Dublin, as well as in the United Kingdom and the United States.
